The screenshot displays a web application titled "Secure File Upload". At the top, there is a logo featuring a camera icon with a red 'X' over it, flanked by the text "WWW.MBSM.PRO" in a red, arched font. Below the logo, the title "Secure File Upload" is centered. A navigation bar contains four buttons: "Help", "Mbsm.tn", "Mbsm.pro", and "List". Below this, there is a file selection area with a "Choose Files" button and the text "No file chosen". A CAPTCHA challenge is presented with the text "What is 1 + 0 =" followed by an input field. To the right of the input field is a blue "Upload Files" button. Below the CAPTCHA is a red "Refresh" button. At the bottom of the main content area is a long, empty input field. The footer of the page includes the text "Private Medias" and "Copyright Mbsm.tn".

[appserv-x64-9.3.0 Error vcruntime140d.dll](#)

Category: Machine Learning

written by Mbsm.tn | 11 January 2025

When you encounter an error message indicating that the `vcruntime140d.dll` file is missing or not found while running an application like `appserv-x64-9.3.0`, it usually means that the application depends on the Visual C++ Redistributable library that contains this file. In the case of the error mentioning `vcruntime140d.dll`, it indicates that the application is looking for a development-specific version of the library (the `d` in the filename denotes the debug/development version).
